Hi Julie,

I need to clear up some confusion here before assigning this sample. In the past few resubmissions the GC/MS analyst has been assigned the sample and done the work of the primary chemist. One chemist name does go on the cert at that point in time.

Can we clarify how to handle this if we need to do it differently than past practice?

Thanks, Betsy

Since the technical reviewer system is not yet in place, we will need a second chemist. Please assign it to someone who is available to testify on that date.

Thx Julie

Dear Annie,

Attached please find a summons for your appearance at trial in Superior Court on November 16, 2011. I tried to get a later date so that the drugs can be retested without expedition, but Judge Donovan gave me nothing.

The above drugs were originally tested by you and Stacey. Since Stacey is no longer with the office, Julianne Nassif approved retesting of the drugs. I'm not sure if you will be able to just retest the whole thing alone. If not, please advise me who the other chemist is, as I'll have to notify defense counsel and send a summons for his/her appearance on the 16<sup>th</sup> of November. Couple questions:

1. Did the police bring the drugs back to you yet?
2. Can you get the bench notes to me by November 7<sup>th</sup>?

This is kind of a messy rush...I apologize. Let me know your status. Thanks again.

Sincerely,
